SPECIAL THANKS to

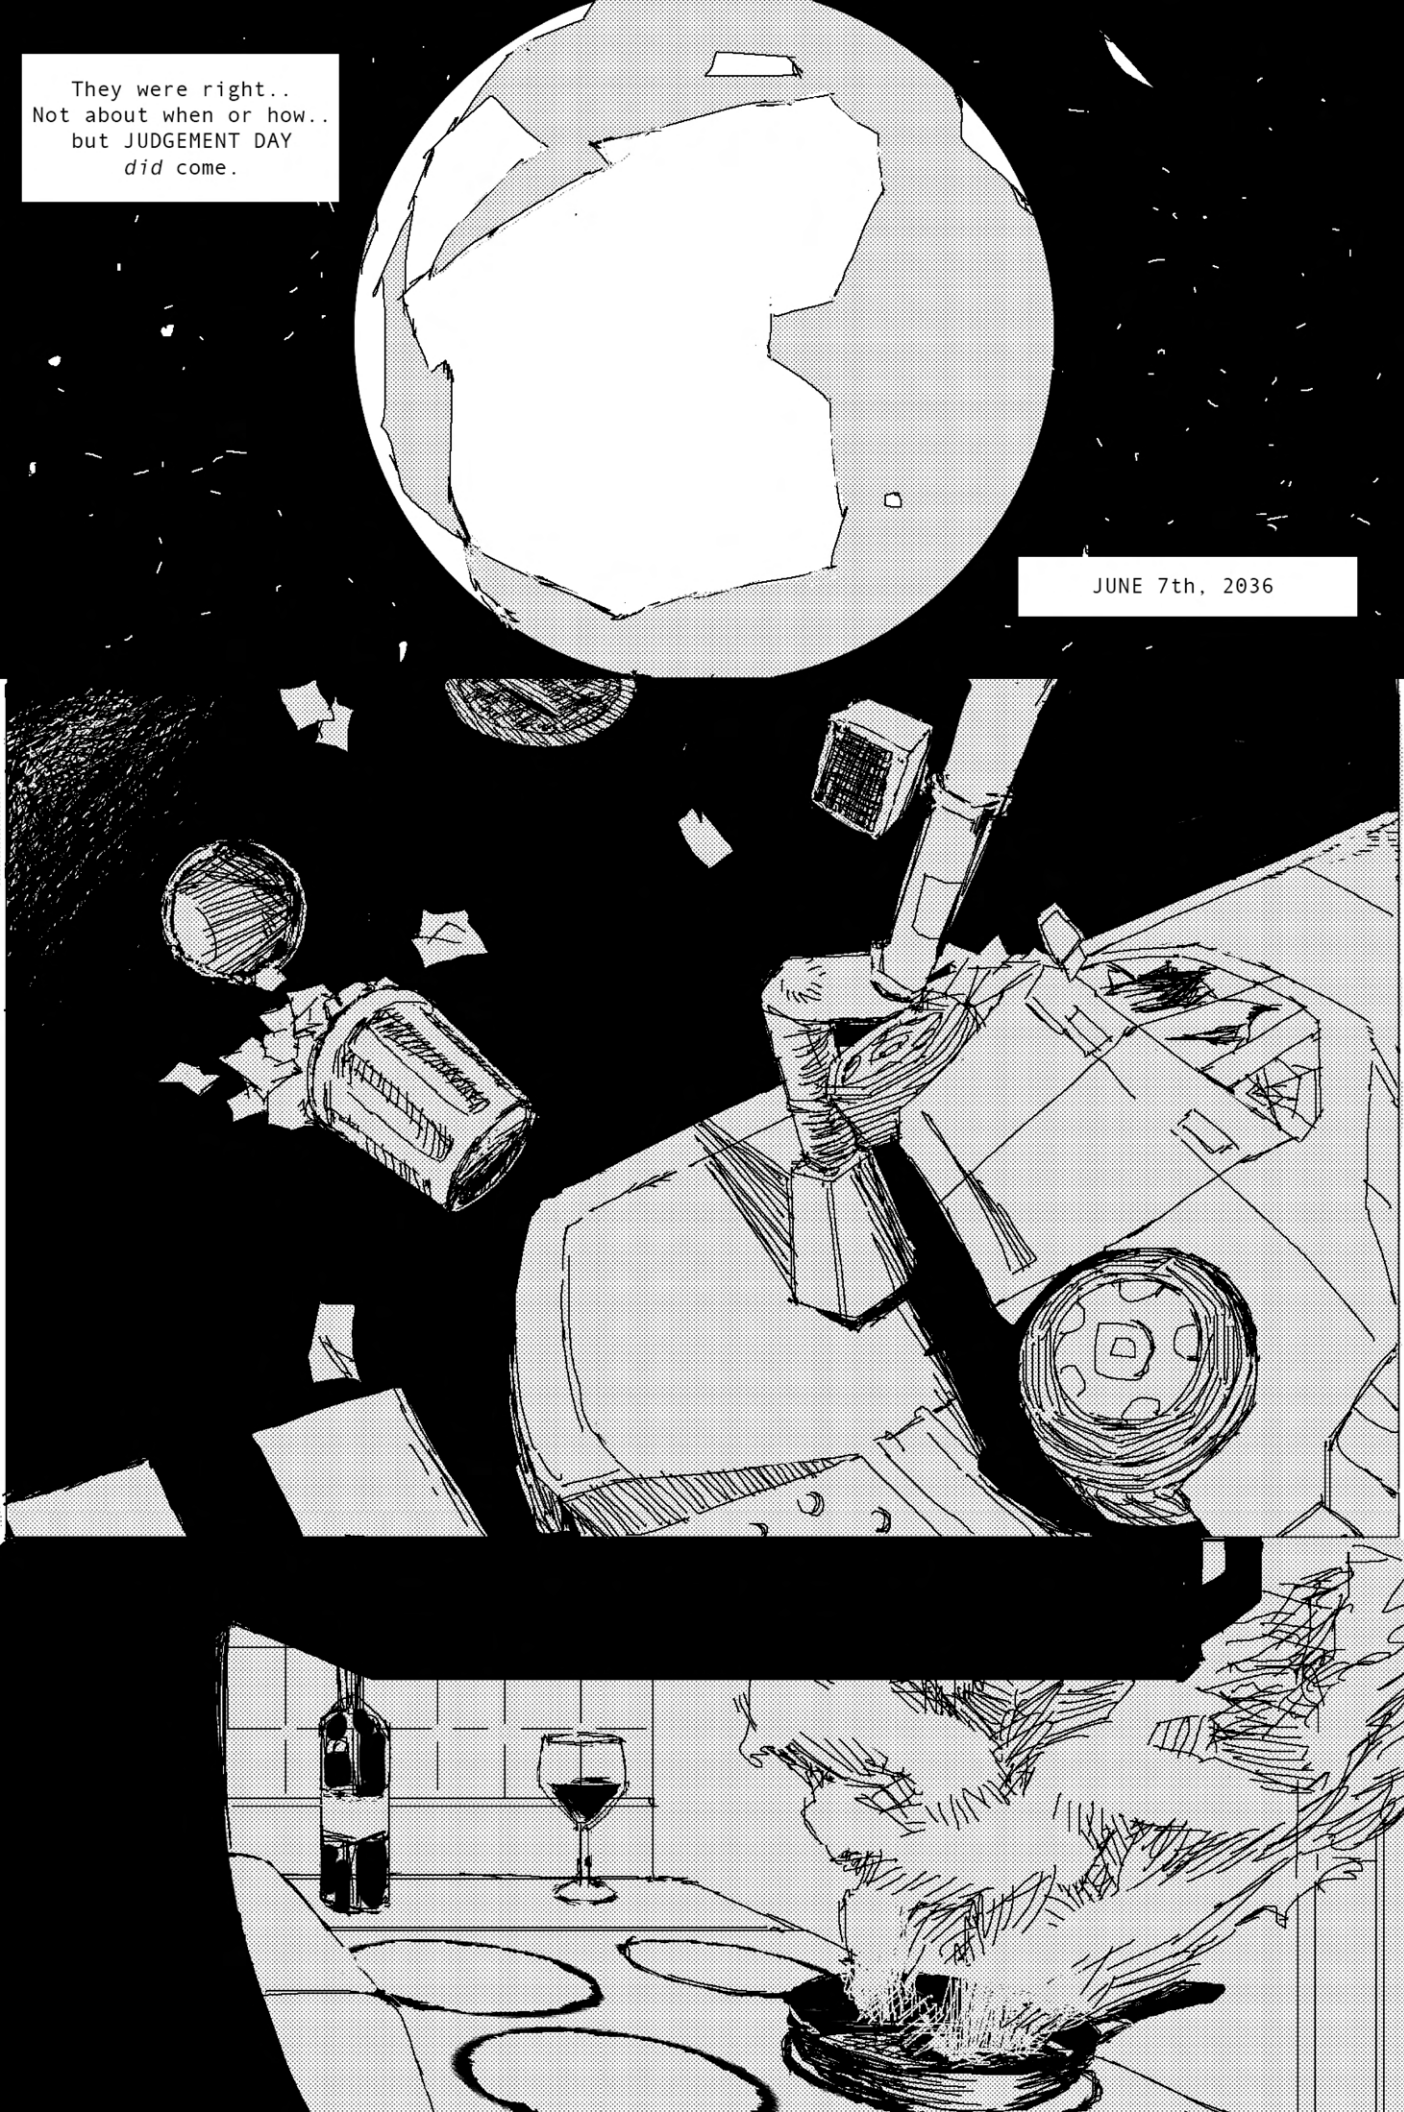

KAYLEEN, LADON ALEX, & MEL

FOR HELP EDITING.

They were right..
Not about when or how..
but JUDGEMENT DAY
did come.

JUNE 7th, 2036

Unfortunately not as many people were saved than expected.

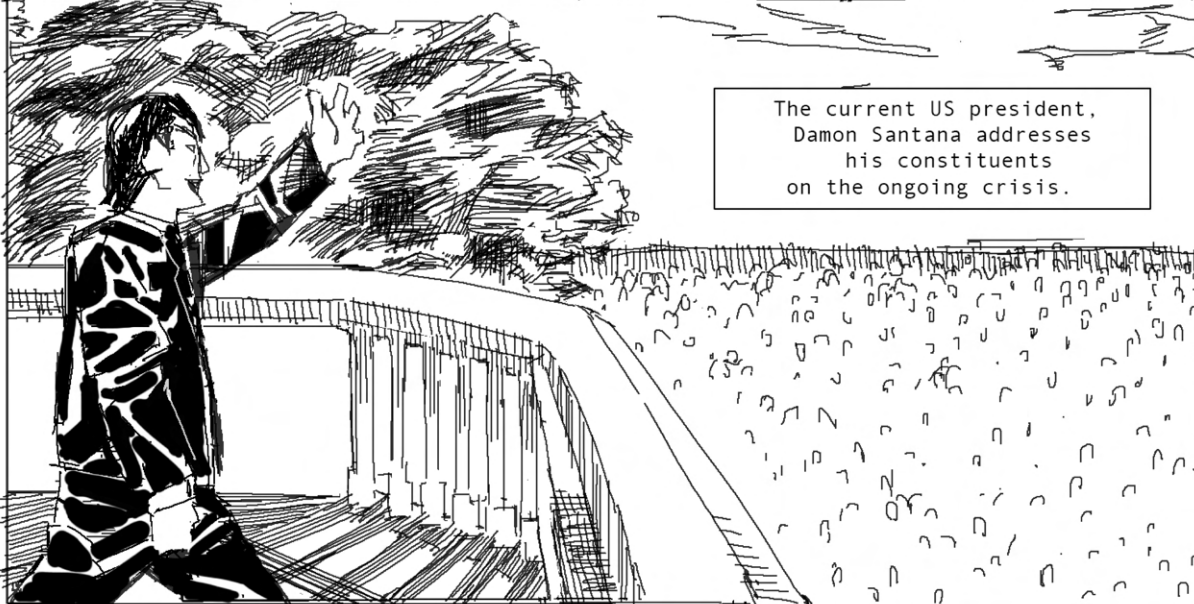

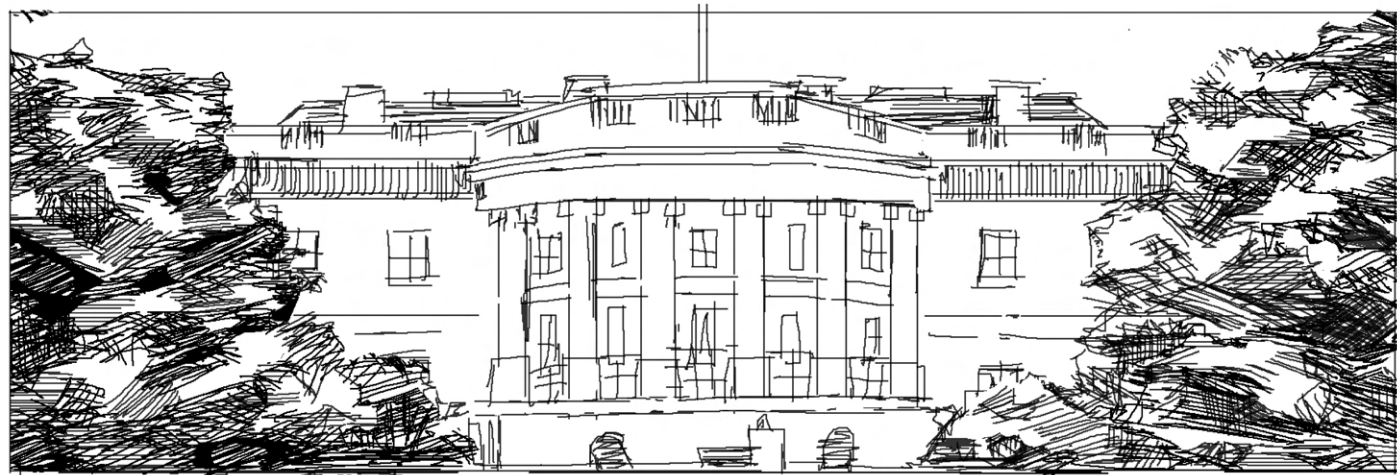

GOD turned out to be stricter than most people thought..

Lots of people didn't
even notice, though.

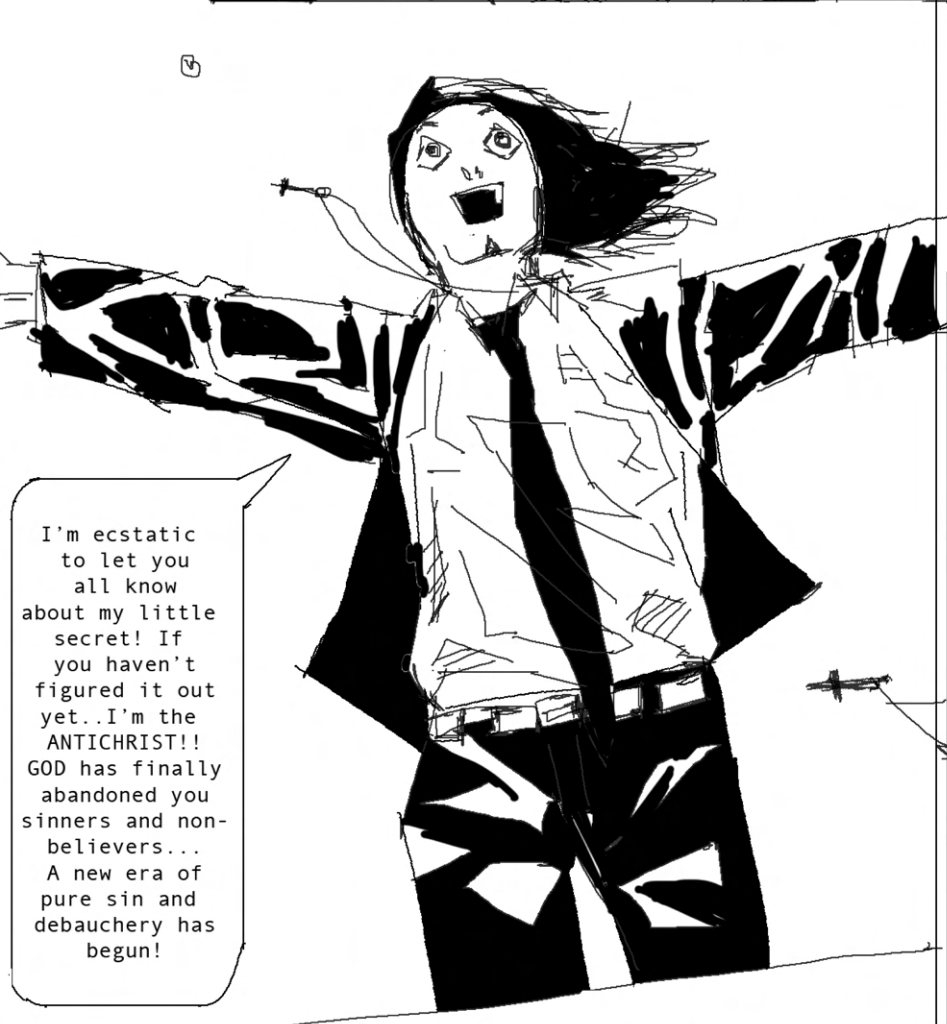

Hell finally shows itself.

The current US president,
Damon Santana addresses
his constituents
on the ongoing crisis.

I'm ecstatic
to let you
all know
about my little
secret! If
you haven't
figured it out
yet...I'm the
ANTICHRIST!!
GOD has finally
abandoned you
sinners and non-
believers...
A new era of
pure sin and
debauchery has
begun!

HELL itself is finally free!
My father and I look forward
to being your new GOD!

The thing is, while what Damon said was true, he intentionally left out a few details..

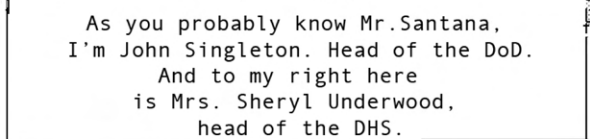

OVAL OFFICE
POST INAGURATION
SPRING 2036

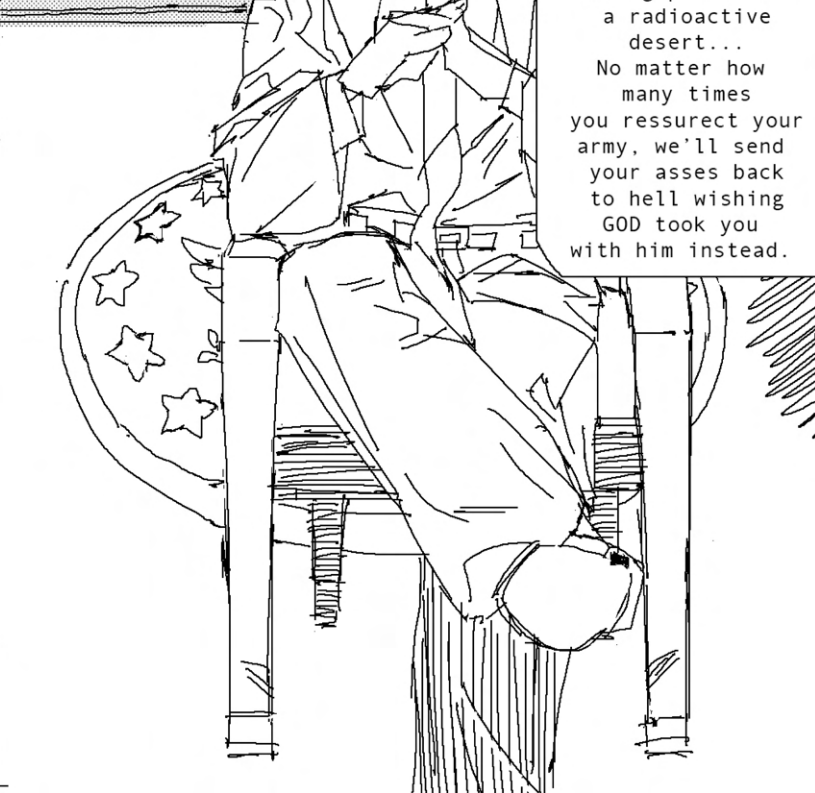

We know exactly who you are. In fact, we've known about your little secret for quite a while now.

We're here to tell you that no matter what plans you and Satan have, the United States government will not be undermined. It is imperative that the status quo is maintained.

As you probably know Mr.Santana, I'm John Singleton. Head of the DoD. And to my right here is Mrs. Sheryl Underwood, head of the DHS.

I need you to take us seriously when we say this:
No matter what army you are able to muster up, none of it will be able to take down a fleet of F-15s.
You may be strong but whatever firepower you have is negligible.
If you do plan on any sort of hostile takeover, then we will see every option is on the table as valid.
Even if we have to turn the entire fucking planet into a radioactive desert...
No matter how many times you ressurect your army, we'll send your asses back to hell wishing GOD took you with him instead.

Now take a look at this..
Its a contract. We are willing
to negotiate but I think that
this is an agreement
that will benefit both sides.

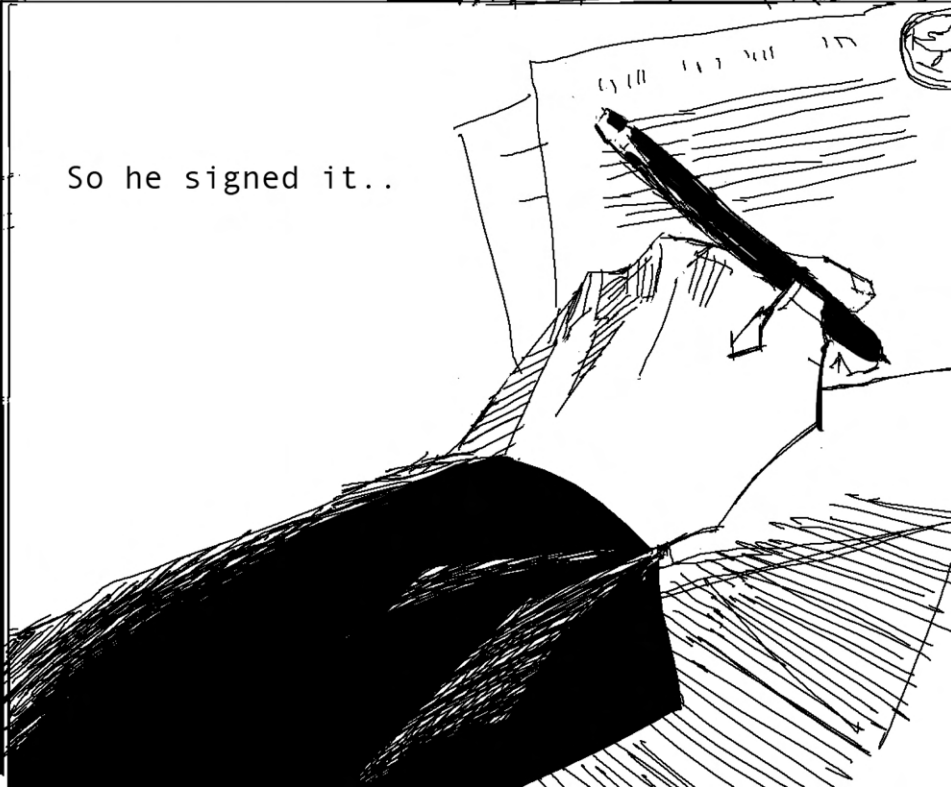

He couldnt believe what
he was reading..

But Damon had
no choice.

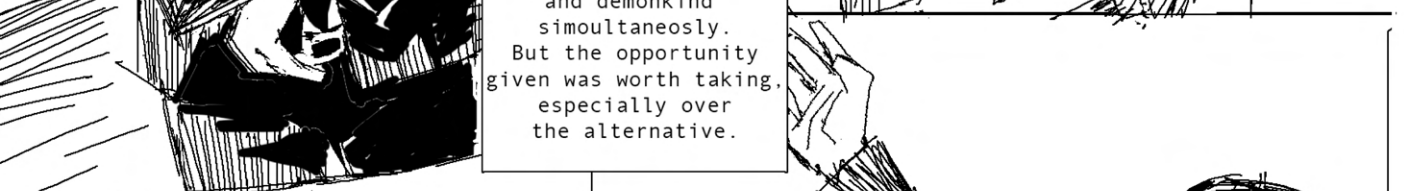

So he signed it..

It was either
listen to them, or
accept an endless,
fruitless war.

Damon couldn't
help but laugh at the
absurdity of their situation.

A black and white sketch of a man in a suit on the left, looking down at a small object in his hands. On the right is a demon with horns and a mask-like face, looking towards the man.

Neither had planned on
ruling over humankind
and demonkind
simultaneously.
But the opportunity
given was worth taking,
especially over
the alternative.

A black and white sketch of a man in a suit on the right, looking up with an open mouth. On the left is a demon with horns and a mask-like face, looking towards the man.

The deal ended up working
mostly in their favor.
Supplementing the US Army with
part of his immortal demon army
wasn't really him giving up
much of anything.

A black and white sketch of a man in a suit on the right, looking up with an open mouth. On the left is a demon with horns and a mask-like face, looking towards the man.

He was more curious about
how human-demon integration
would play out.

It was the dawn of
a new empire ..

After Judgement Day,
life pretty much
stayed the same for
those who were left.
People had varying
opinions on the
situation.

Ain't shit I can really do
about it..As long as them
demon niggas don't start fucking
my shit up I'm cool i guess..

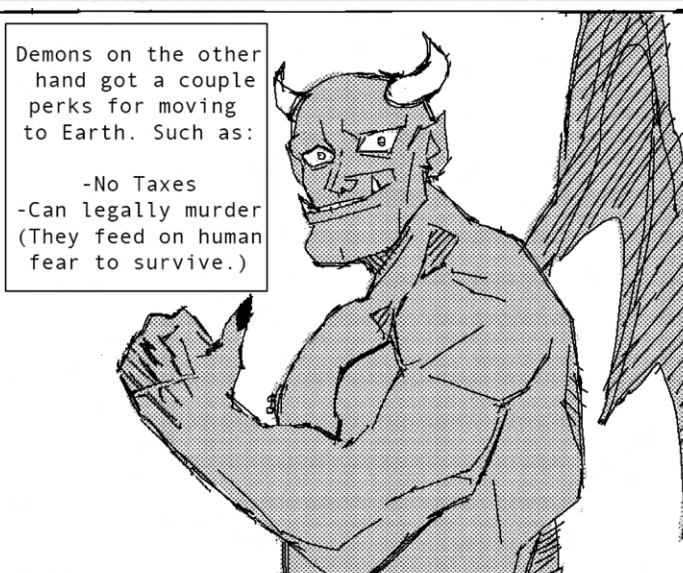

So you're telling me the government is run by
bloodthirsty demons now? What else is new!
I just wanna see how this affects the economy..

In order to
minimize
overpopulation, it
was said that
those who had
already died
and went
to hell were
not allowed to
leave. Only demons
could travel freely
between Earth and
Hell.

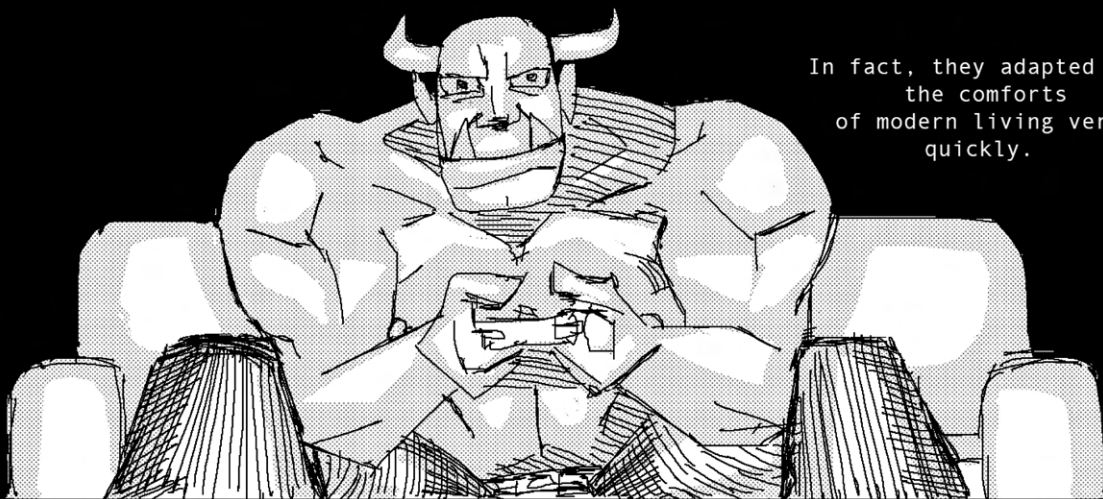

Many people, especially those who considered
themselves Christians had a hard time dealing
with the fact that they were going to face
eternal damnation as soon as they died.

Demons on the other
hand got a couple
perks for moving
to Earth. Such as:

-No Taxes
-Can legally murder
(They feed on human
fear to survive.)

Demons aren't very different from humans though.

In fact, they adapted to the comforts of modern living very quickly.

But living in a modern society comes with its drawbacks..

Lemme guess. You're looking for 36 mafia tapes..

You're like the 10th demon today to come in and ask. You and every other demon in this city must be on the same quest..

Whoa!
How could you tell?! I'm looking for 36 but any OG memphis tapes like Manson Family or Gimisum would go hard too. The shit they rap about doing to people really speaks to me, ya know?!

So do you have them or not?

Nope! We don't have any of those.. Check discogs!

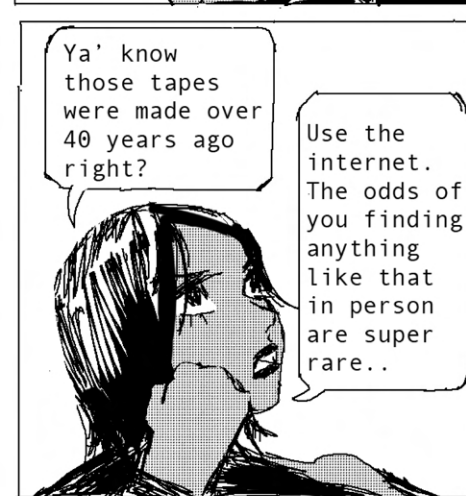

The fuck is disgogs? You guys are a music store right?! You should have that shit!

I have money, why don't you have the product I want?!

I worked my ass off to get this money this is some bullshit.

That's not how it works at all...

Ya' know those tapes were made over 40 years ago right?

Use the internet. The odds of you finding anything like that in person are super rare..

They weren't really even mass produced. I might be wrong but I think it was just some dudes copying them and making them themselves. And even if we did have them, unfortunately I doubt the audio quality would be preserved. Cassettes tend to degrade a lot faster than other mediums. Tapes are usually estimated to last 30 years, and unless they're kept in pristine conditions which I doubt they were, the quality won't really be worth listening to...

You think you're so fucking smart..I'm getting sick of your elitist attitude.

No...I just don't go into music stores expecting them to have everything that I want. How many times do I have to tell you that we don't have what you're lookin' for?!

Look, I know it can be tough but there's plenty of other great music here that I think you could enjoy. I'll even give you some recommendations to help get you started.

Nah fuck that, I'm good. I need you to lemme speak to the owner of this place, though.

I need to let him know how much his store fucking sucks.

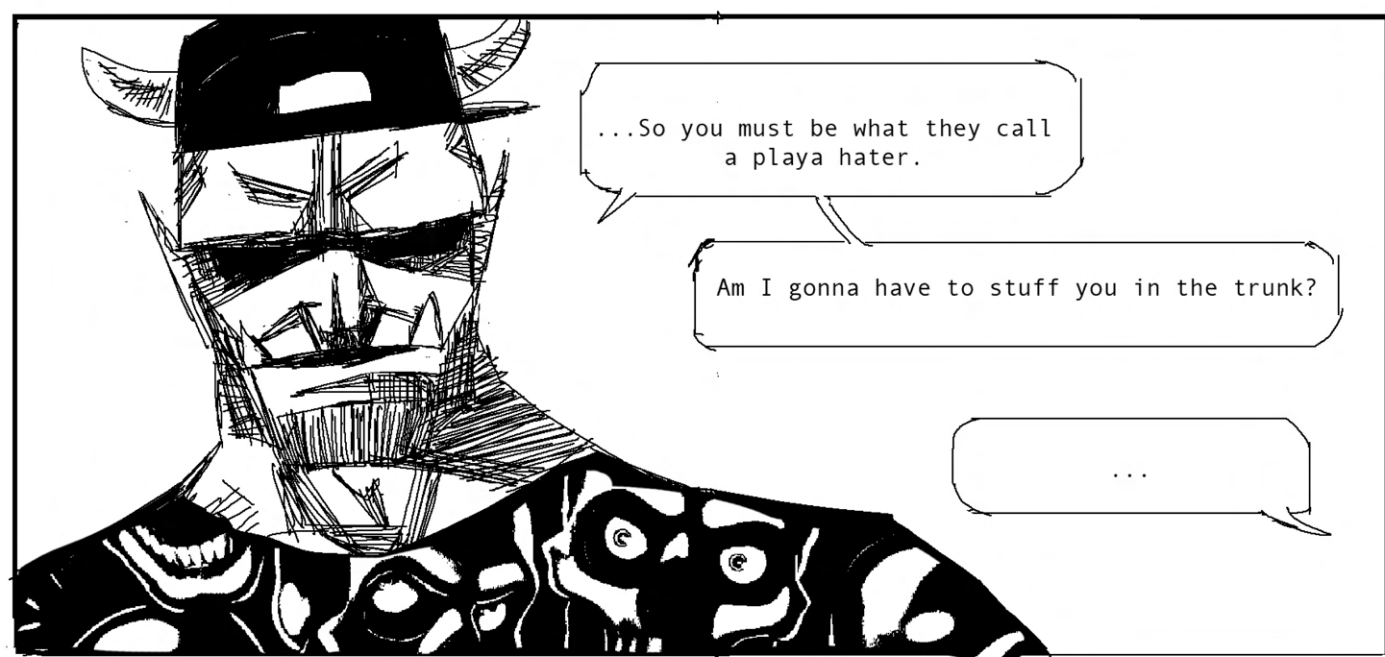

You're looking at the owner of the store right now...

But thanks for the feedback. Unfortunately I don't think we can do anything about our would-be customers having shitty taste in music.

I mean c'mon.. I like that stuff too. But anyone who limits their taste in music like that has no business even shopping here.

I'M
GONNA
ENJOY
KILLIN'
YOU.

ELITIST
CUNT
!!!

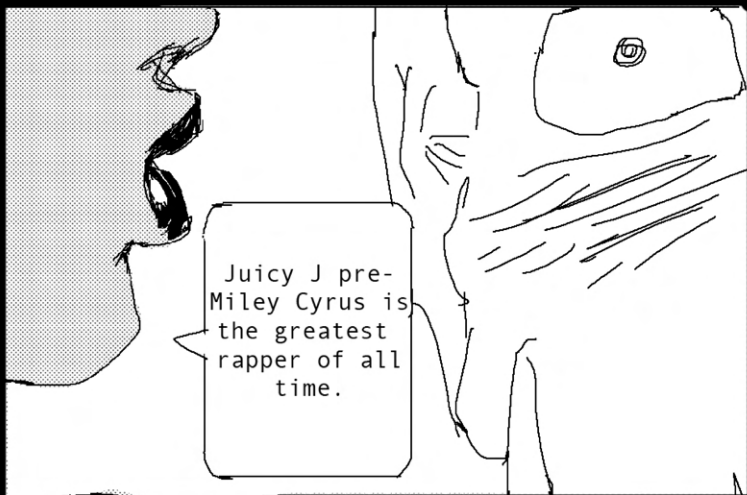

FWOOSH

What the hell..

Wait...

But that's impossible..

But it has to be true..

That tramp stamp says it all..

Why didn't I realize sooner...

**SHE'S A
SUCCUBUS!!!**

I've heard stories but this is unreal..

No! I gotta stay focused.

I know I could stop it anytime
if I wanted..

But she's just too irresistible..

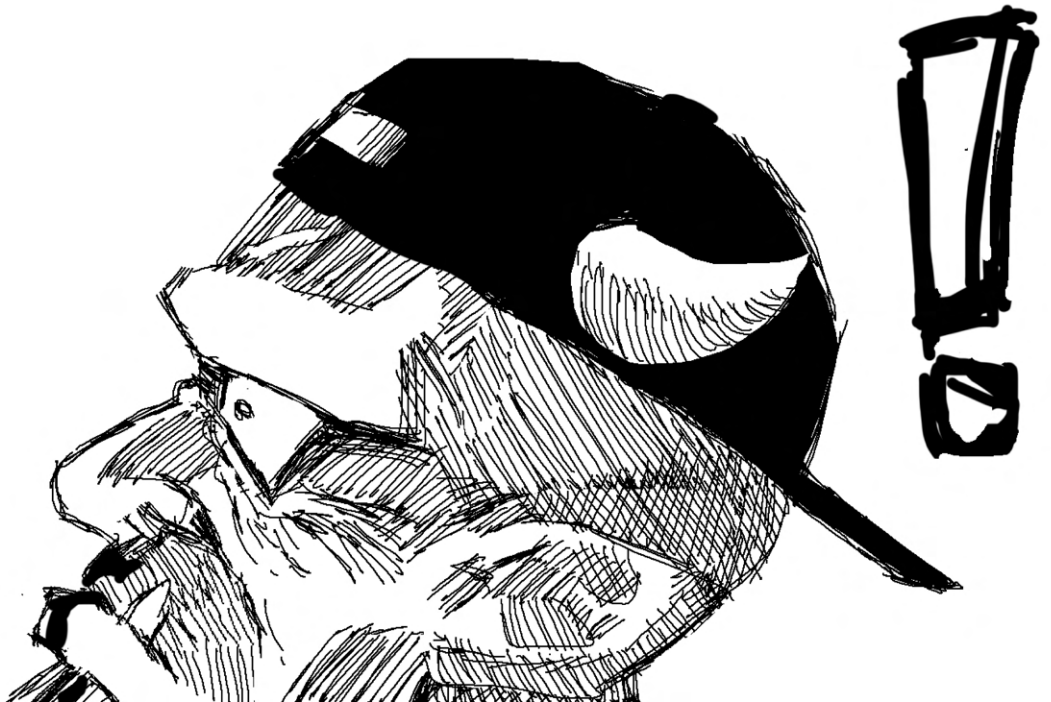

I can't die like this though ..

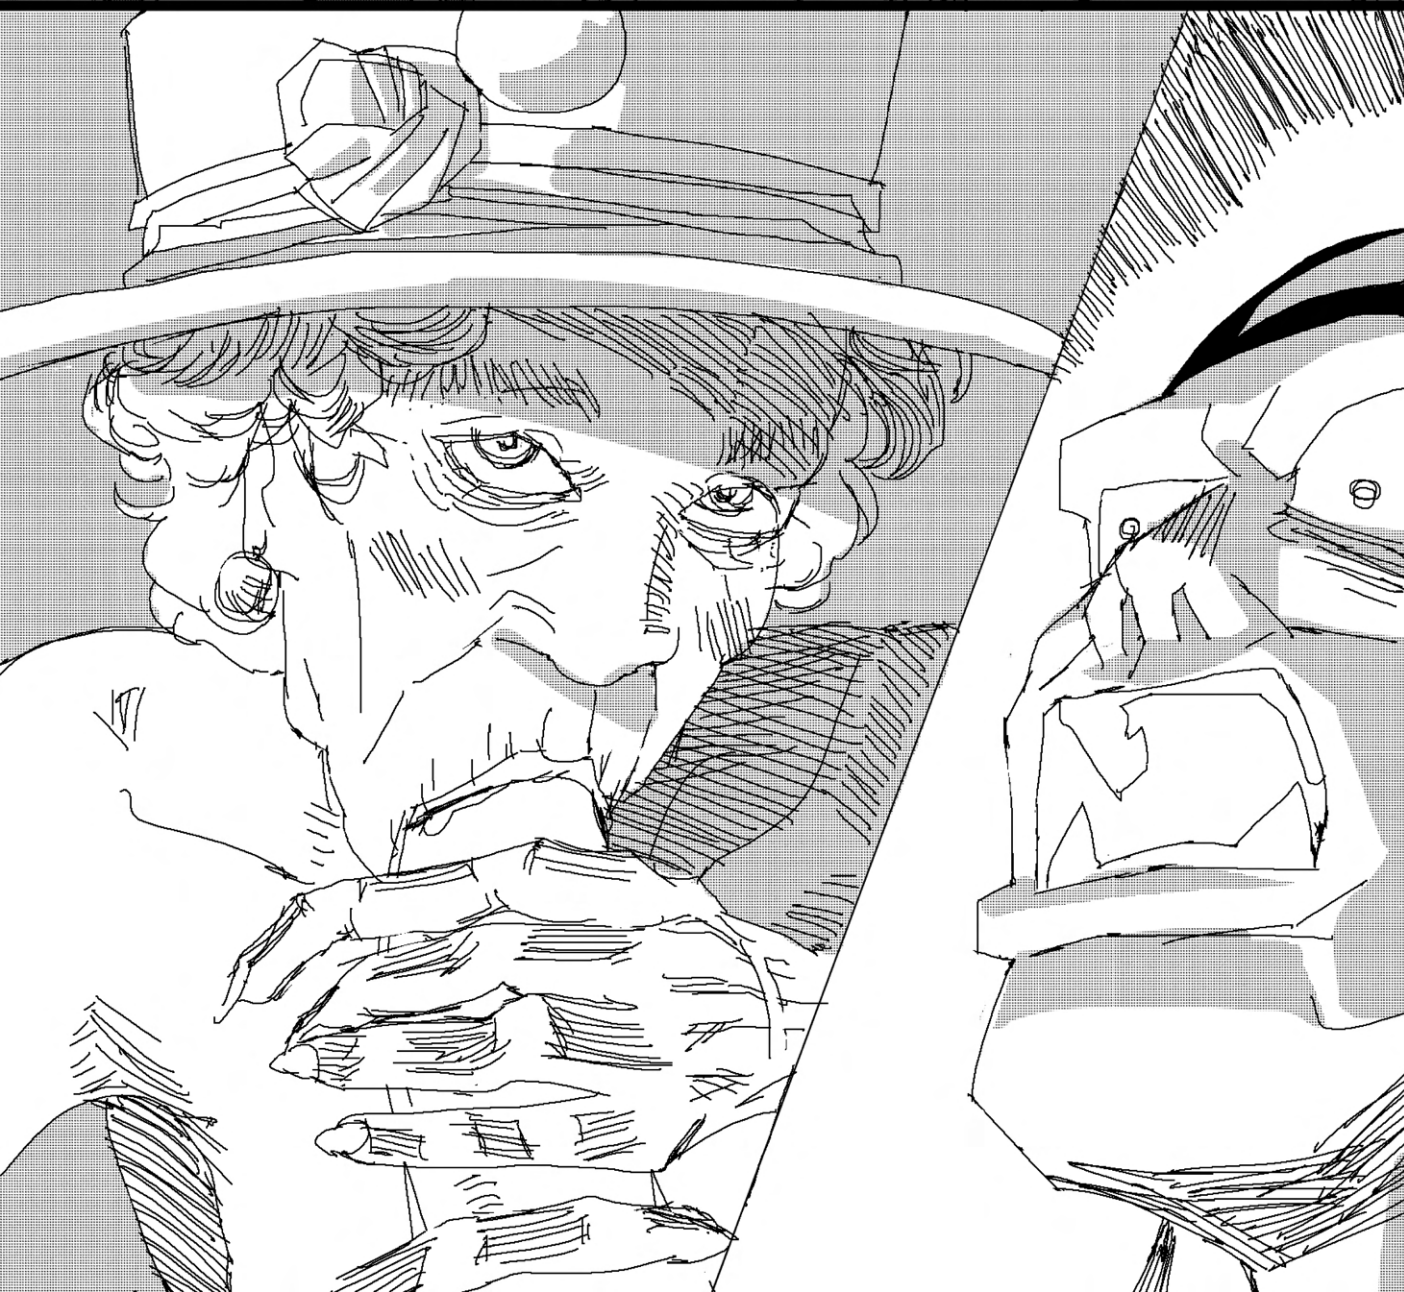

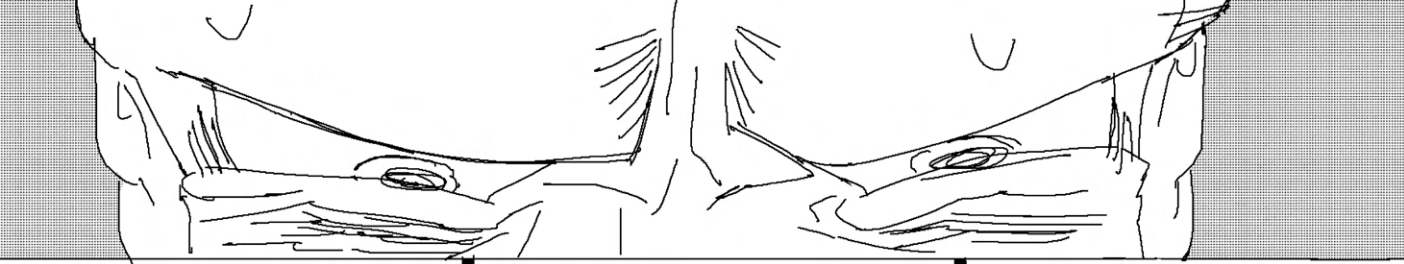

Maybe if I think of something totally not hot it'll
break the spell..

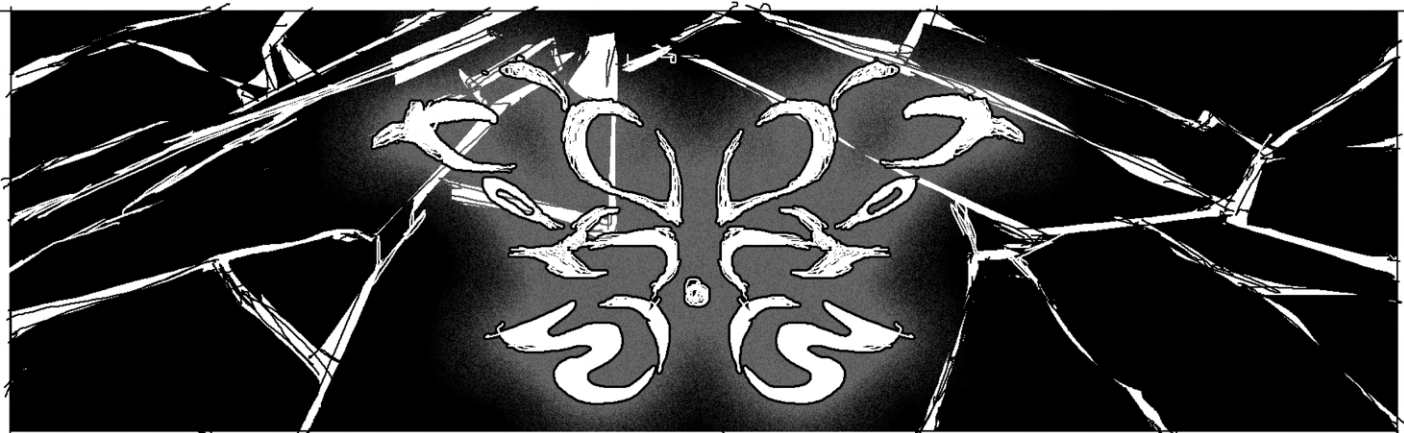

Who are some ugly bitches I can think about.

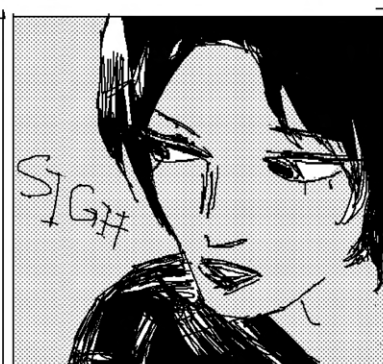

I haven't met many females on Earth..

Who did I meet in Hell that would
be a total boner killer right now..

You should be proud of who you are!! You're the sexiest most powerful succubus I know!!

Not even I could do that!!

Even your flaccidness can't get in the way of your potential!

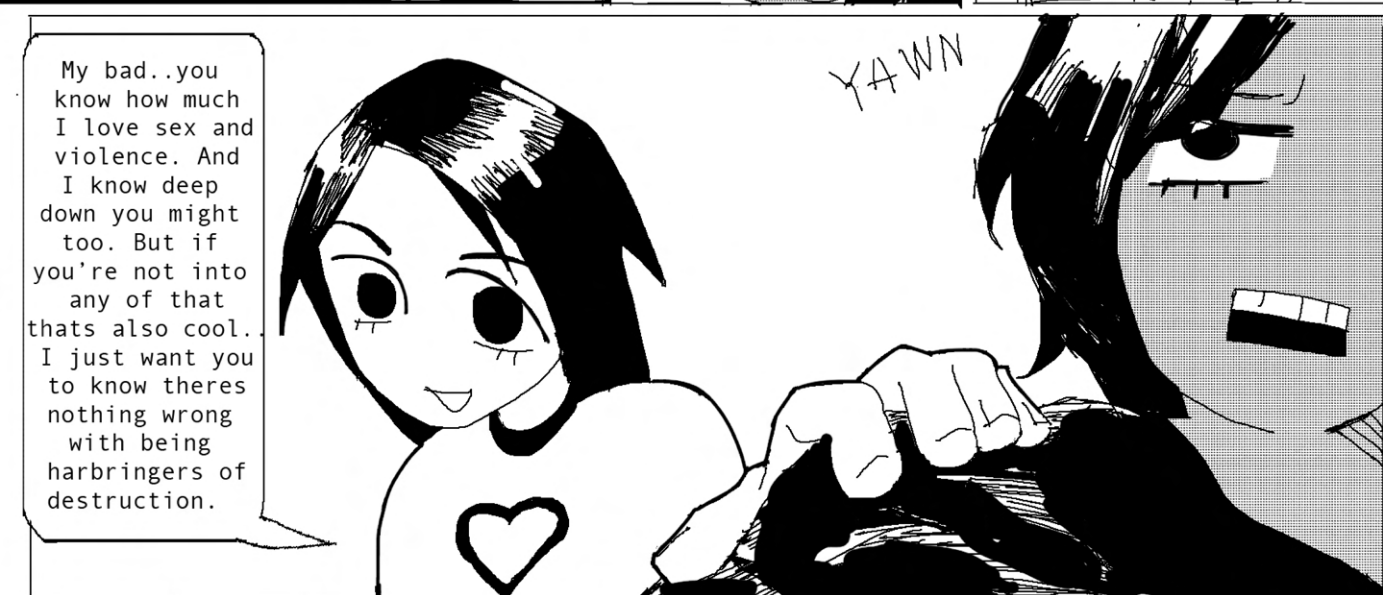

A walking temptation!!

You could seduce almost anyone you wanted!!

You and I both know I don't give a shit about anything you just said.

I thought a fiery speech would help..

My bad..you know how much I love sex and violence. And I know deep down you might too. But if you're not into any of that thats also cool. I just want you to know theres nothing wrong with being harbringers of destruction.

YAWN

And I mean like.. if God found anybody left on this planet worth saving he would've totally taken them with him.

I guess..

I just hoped it would be LESS cutthroat here.

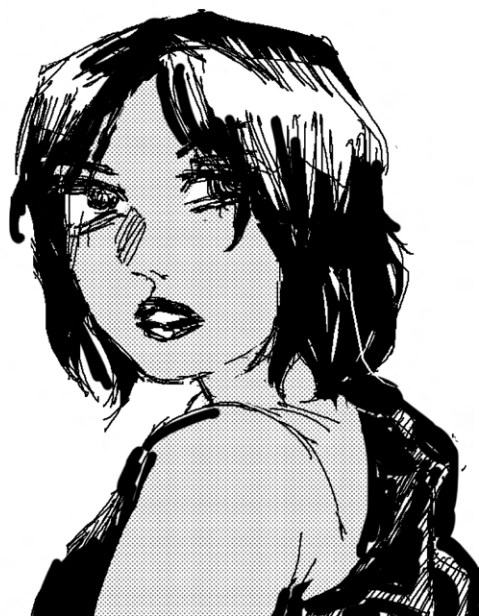

See there's your problem.
You put too much hope in the uncontrollable.

I just worry about myself and what I can control.

Yea.. I guess you're right.
I wanna feel more than that though.

I'd like to relate to as many others as I can. Life's no fun when you can't relate to anyone.
